### **Minford Lion's Club helps pick up litter**

As part of the Ohio Department of Transportation's Adopt-A-Highway program, the Minford Lion's Club is recognized for picking up litter on Ohio 335 and Ohio 139 in Scioto County.

On Sept. 10, five people collected 10 bags of litter. Their assistance helps the Scioto County ODOT facility to maintain a clean highway.

The Minford Lions have been a part of the Adopt-A-Highway program since March of 1999, and this is the fourth time they have picked up litter this year. Those people who picked up litter are: William Dodson, Charley Flaig, Richard Bentley, Steve Crabtree and Joe Stockham.

The Ohio Department of Transportation provides Adopt-A-Highway groups with trash bags and safety vests at no cost. ODOT also posts a sign, inscribed with the group's name, within the adopted section of highway. Any groups that are interested in becoming involved with the Adopt-A-Highway program in Scioto County may contact ODOT Scioto County Transportation Administrator Troy Huff at (740) 259-2071.
